California has 58 counties. All counties have 5 supervisors regardless of size or geography; except the county and city of San Francisco, which has 11 supervisors.

2006 Election Results

- After the November 2006 election, 70 out of 296 supervisors were women. This is down from 73 women in November 2004.
- 15 counties have no female supervisors.

2004 Election Results

- In March 2004, 83 out of 296 supervisors were women. By November 2004 the number decreased to 73 women out of 296 total supervisors.
- In March 2004, 13 of the 58 counties had no women on the board. By November 2004 this number increased to 15.
- Only 10 of the 58 counties had a majority of women on the board in March 2004. By November 2004 the number decreased to 4 making 55 counties having male majorities.
